

Product introduce

This Smart Double GPO features a premium frosted glass finish. It enables easy installation and can directly replace conventional switches. Based on the standard Zigbee protocol for gateway connection, the device ensures stable and efficient data transmission. Supporting remote control with instant command responses, it effectively elevates the intelligence and convenience of home life.

Features

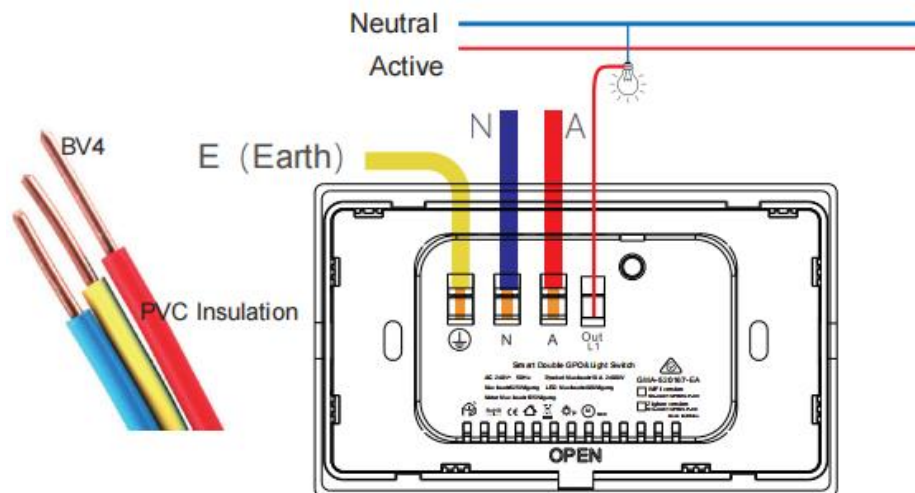

- Frosted glass finish for a smooth, fingerprint-resistant touch
- Smart power indicator
- Backlit switch supported
- Easy and efficient installation

Specification

- Product Model: MG-AU02GPOZLP-XX
- Input Voltage: 240 VAC/50~60 Hz
- Communication Method: ZigBee 3.0
- Load Limitation: Max 400W (LED Load)
Max 625W (Motor Load)
Max 10A (GPO Load)
- Color: White/Black
- Product Dimensions: 120×72×42 mm
- Certifications: RCM/SAA

Wiring Diagram

Networking

1. Connect the power cables correctly according to the wiring diagram and power on the device.
2. Press and hold the "○" button for 5 seconds until the device's indicator light flashes rapidly, indicating that it has entered pairing mode.
3. Add the device to the network via a gateway.
